

To whom this may concern:

I am writing today to let you know that I (we - my Family of 5) are very concerned. When we heard the our KLOVE station could be replaced due to a ruling by the FCC, we were very shocked and wanted to let you know that we have become very dependent on this radio station and our lives would change very dramitically if it were to end its broadcast. Our children enjoy the music and we enjoy the music and other broadcasting messages. We believe in this radio station so much that we are financial supporters. Our belief is that this radio station is being financially responsible to us supporters by using all avenues possible to keep costs down. By taking away these avenues, it is my understanding that you would be increasing costs and that this might lead you your ruling forcing KLOVE to take away our radio station that we rely on for great music and great messages.

Thanks for not taking away our KLOVE
